## Verse 1:

Living my life in a slow hell, different girl every night at the hotel  
I ain't seen the sun shine in three damn days  
Been fuelin' up on cocain and whisky, wish I had a good girl to miss me  
Lord I wonder if I'll ever change my ways

## Chorus:

I put your picture away, sat down and cried today  
I can't look at you while I'm lyin' next to her  
I put your picture away, sat down and cried today  
I can't look at you while I'm lyin' next to her

## Verse 2:

I called you last night in the hotel, everyone knows but they won't tell  
That there half-wided smiles tell me something just ain't right  
I've been waitin' on you for a long time, fuelin' up on heartaches and cheap wine  
I ain't heard from you in three damn nights

## Chorus:

I put your picture away, I wonder where you been  
I can't look at you while I'm lyin' next to him  
I put your picture away, I wonder where you been  
I can't look at you while I'm lyin' next to him

for the "bending" part:

Bend to a B and before "unbending", hit the B string (also being bent to a D note [this is done simultaneously when you bend the B sting]) and then "unbend" the B string.

"Em Riff":

The tab is easy, but once you get the rhythm right, it sounds just like it. Also, this basically how I would tab it, but it sounds like they play it a bit sloppier. In between each hammer on, rest your hand on the strings to deaden them.
